 Old for flat roof – Black shroud:
 29.0218.41.0008 – Performance HP
 29.0218.41.0010 – Performance Plus HP
 New for curved/ribbed roof – White shroud:
29.0218.41.0011 – Performance HP
29.0218.41.0012 – Performance Plus HP
 New for curved/ribbed roof – Black shroud:
29.0218.41.0013 – Performance HP
29.0218.41.0014 – Performance Plus HP

Application non ducted

Air distribution box (ADB)

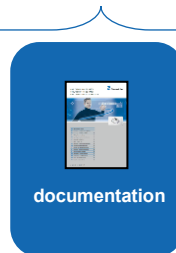

Old (limited roof thickness):
 White: 29.0218.11.0004
 Black: 29.0218.11.0004
 New (can be used in
 thinner or thicker roofs):
 White: **29.0218.11.0005**
 Black: **29.0218.11.0006**

Accessories

Remote

29.0248.27.0001

APP

Available
for iOS / Android
(download for free
Apple Store /
Google Play Store)

Wall mounted HMI (EasyStart Touch)

Controller
with harness:
29.0248.27.0020

Controller only
(without harness):
29.0248.27.0017

Connection to 1 unit:
ok with harness

Connection with 2 units:
requires harness + additional custom harness

Connection with more units:
not possible

Application ducted

Return Air Grill (RAG)

Old – White 29.0218.11.0003
(not to be used)

New – White: **29.0218.11.0007**
(new design)

Temporary curved/ribbed or thick roof kit: **29.0280.03.0081**
 (to be used with stock left of old Breezonic Roof Top
 Unit and/or old ADB part numbers
 if required for curved/ribbed or thicker roofs)

BREEZONIC PERFORMANCE – PART NUMBERS NORTH AMERICA

Transition from OLD to NEW part numbers

- **Roof Top Unit** differences:

- **OLD Roof Top Units:** Only suitable for flat roofs (no foam gaskets included)
- **NEW Roof Top Units:** Includes foam gaskets to be used on curved/ribbed roofs —————→
(note: tabs on roof plate already broken, so only suitable for standard 14- $\frac{1}{4}$ " x 14- $\frac{1}{4}$ " roof opening, not for 15- $\frac{3}{4}$ " x 15- $\frac{3}{4}$ ").

- **Air Distribution Box** differences:

- **OLD Air Distribution Boxes:** Limitation on maximum roof thickness (roughly max 2")
- **NEW Air Distribution Boxes:** Includes 10 additional duct sections and longer screws —————→
(it can be used both on thinner and thicker roofs – up to 6.7")

- If only OLD part numbers available or if your customer ordered the OLD part numbers and they need any NEW part number (Roof Top Unit and/or Air Distribution Box) → Order the curved/ribbed or thick roof kit: **29.0280.03.0081** (it includes what is different between OLD and NEW part numbers: foam gaskets, duct sections and longer crews)
